

## RINGS

No one can say when and where the custom of wearing Rings first originated. It is mentioned in the most ancient manuscripts, it is alluded to in the books of Genesis and Exodus; the strangest fact is it never seems to have lost its popularity and is with us today strong and fresh as ever, of which we have abundant proof in the continued demand for this simple yet exquisite article.

To meet the demand, we are showing a very fine assortment of **Diamond and Pearl, Diamond and Ruby, Diamond and Emerald** Rings; also some very beautiful effects in **Hand Carved Rings** with and without platinum setting, to all of which we invite your esteemed inspection.

## Pacific Coast Happenings

### Japanese Stowaways Alleged to Have Performed a Record Feat.

### Confessed Murderer Surrenders Himself to the Portland Police.

### Mrs. Hearst Adds Half a Million to Former Gifts to the University.

PORT TOWNSEND, Oct. 11.—When Captain Paulson of the bark Reeper today opened the lazarette of his vessel, loading at Port Ludlow, he was thunderstruck to discover a Japanese stowaway in the tangled mass of rope and sails. The man, begrimed to lily blackness, was alive and well, though the lazarette had not been opened since about August 20. The vessel sailed from Kobe on the 27th and arrived here September 30, proceeding next day to Ludlow. Further search of the vessel brought forth two more stowaways, who were perched up like owls in separate corners of the lower hold. How the venturesome sons of Mikadoland subsisted, or even existed, for 54 days in their dark, foul-smelling quarters is a mystery, as the crew disclaims all knowledge of their presence aboard. The trio were turned over to the United States immigration officers at this port, and will be deported, probable at the expense of the ship.

### Took Poison by Mistake

Walla Walla, Oct. 11.—Mrs. J. A. Taylor, wife of Judge Taylor, died today from carbolic acid given her by a daughter who mistook it for a tonic which was in a similar bottle. The deceased was a pioneer here and 80 years old. She lived seven hours after taking the poison.

### Battle With Greeks

Riddles, Ore., Oct. 11.—In a pitched battle here last night between four score Greek railroad laborers on one hand, and their brethren and a crowd on the other, Mrs. Peterstein, wife of the foreman, was killed by one of the shots fired. The origin of the trouble is not established, but the laborers had become enraged and the battle began when the train crew arrived. A special train with fifty armed deputy sheriffs was sent from Roseburg. The Greeks were finally arrested and taken back to Roseburg, the county seat. There the militia has been called out to guard the jail. The feeling against the men is intense.

### Confesses to Murder

Portland, Ore., Oct. 11.—John D. Hogan of Chicago has given himself up to the police, confessing that he delivered the blow that killed Mrs. Louise Jenkins in a disorderly house Saturday. He says he was intoxicated and did not know he had harmed her until yesterday.

### Mrs. Hearst's Philanthropy

San Francisco, Oct. 11.—Valuable gifts were received today by the board of regents of the University of California. These are from Mrs. Phoebe Hearst and include archaeological and anthropological collections from all parts of the world and \$60,000 in money. The value of the gifts amounts to nearly half a million dollars.

### Smuggling Japanese

Seattle, Oct. 11.—The immigration officers have discovered and put a stop to the practice of bringing Japanese to the Sound as cooks on American vessels from the Orient, thus evading the immigration laws. Three escaped from the steamer Tremont yesterday, but were returned.

### Eureka, Cal., Oct. 11.—A valuable horse has been safely landed from the wreck of the St. Paul, and a vessel will be sent out to save everything possible.

### HUMANE ASSOCIATION.

### Cattle Transport and Child Labor Discussed by Convention.

Philadelphia, Oct. 11.—The transportation of cattle was discussed at today's meeting of the American Humane association in annual session here. The subject was brought before the convention in a paper read by James M. Brown, president of the Toledo Humane society. Mr. Brown declared that cattle dealers rarely consider the comfort of the stock during transportation to market and asserted that the animals suffered cruelly from neglect. Child labor formed the subject of a paper read by Dr. S. M. Lindsay, of this city, secretary of the national child labor committee.

### Has Trust in God

Crowe was not inclined to talk of his past, and refused absolutely to speak of his alleged connection with the kidnapping of Eddie Cudahy. He declared that much had been published of his alleged doings, confessions and other matters which were without foundation. Among these he mentioned a confession said to have been signed by him at Butte, implicating Young Cudahy in a conspiracy in connection with the kidnapping.

"When this case comes to trial," he said, "the truth will go out to the world. God will take care of me; He takes care of everybody and makes no mistakes. I do not feel nearly so anxious about securing my liberty again as I do to reform and get back to an honest life. I once did well in Omaha, and if given a chance I believe I can do as well again."

"Is it true that you once offered to return \$21,000 to Edward A. Cudahy if he would not prosecute you?" was asked.

"I believe Mr. Cudahy has made the statement that I did so. I do not think he would tell a lie for \$21,000," he replied.

### Stylish Appearance

Crowe's personal appearance is anything but that of a criminal. He was smoothly shaven, wore a stylish suit of clothes, with patent leather shoes and other articles to match. Except for his white hair, he does not look to be over 36 years of age, which he says is his correct age.

### EXCHANGE OF RATIFICATIONS.

### Former Handing Over of Treaty of Portsmouth Delayed.

St. Petersburg, Oct. 11.—Though both the English and the French transcripts of the Portsmouth treaty are said to be ready for signature, the signing is delayed pending the arrangement of an understanding for the simultaneous exchange of the ratifications. At the foreign office, however, it is said that it is only a matter of a few days.

## THORPE & CO'S

# PALE

## Dry Ginger Ale

### MANY PRINTERS ARRESTED.

### St. Petersburg Police Discover Source of Revolutionary Proclamations.

St. Petersburg, Oct. 11.—The police today discovered in the outskirts of St. Petersburg a number of secret printing establishments which have been engaged in issuing revolutionary proclamations. As a result of the discovery forty arrests have been made.

### CHESS CHALLENGE ACCEPTED.

### Berlin Club Unanimously Decide on Match by Cable.

Berlin, Oct. 11.—Amid cheers and a scene of great enthusiasm the members of the Berlin Chess Club, at a special meeting last night, unanimously decided to accept the challenge of the Manhattan Chess Club of New York for a cable match on six boards, to take place during two days at the end of November.

### RUNAWAY CABLE CAR.

### Brakes Refuse to Work on Steep Grade in Brooklyn.

New York, Oct. 11.—The brakes on a cable car of the Montague street line in Brooklyn failed to operate at the top of a steep hill near the Wall street ferry to Manhattan today, and the car, with 15 passengers on board, ran down the grade for two blocks and into the ferry house. Frank Wall, the motor-man, stuck to his post and is believed to be fatally injured. Five passengers were badly hurt, including two women who were cut by flying glass.

### THE \$100,000 ROBBERY.

### Police Start in Pursuit of Missing Adams Express Clerk.

Pittsburg, Oct. 11.—There was no development today in the mysterious disappearance of Edward Cunliffe, employed by the Adams Express Company, nor any trace of the \$100,000 which the company has missed. While the police absolutely refuse to give out anything, it is said they have a clue as to the direction taken by the missing man, and detectives have already started after him.

## Kidnapper to Stand Trial

### The Abductor of Young Cudahy Reaches Omaha From Butte.

### Alleges Former Confession as to Confederate Is Without Foundation.

OMAHA, Neb., Oct. 11.—Pat Crowe, shackled to Detective Heitfeldt of the Omaha detective department, and accompanied by Chief Detective Dunne, arrived in Omaha from Butte, Mont., where he was arrested a week ago. A crowd of 2,000 persons gathered at the Union station, and they filled the station and approaches in every direction, intent on securing a glance at Crowe.

A large cordon of police opened an aisle from the platform to the police wagon, and Crowe between two detectives, with a patrolman walking ahead and another behind, was marched to the wagon, amid the cheers of some and exclamations of others. The extraordinary precaution taken by the police department for landing Crowe safely behind the bars seemed hardly necessary, for he gave little heed to them, and apparently had no wish to make his escape.

A large crowd followed the patrol wagon to the station, where another crowd had gathered to witness the return of the prisoner, who was hurried into the captain's office, where he was registered. Opposite his name was placed the charge of shooting with intent to kill or wound.

### Has Trust in God

Crowe was not inclined to talk of his past, and refused absolutely to speak of his alleged connection with the kidnapping of Eddie Cudahy. He declared that much had been published of his alleged doings, confessions and other matters which were without foundation. Among these he mentioned a confession said to have been signed by him at Butte, implicating Young Cudahy in a conspiracy in connection with the kidnapping.

"When this case comes to trial," he said, "the truth will go out to the world. God will take care of me; He takes care of everybody and makes no mistakes. I do not feel nearly so anxious about securing my liberty again as I do to reform and get back to an honest life. I once did well in Omaha, and if given a chance I believe I can do as well again."

"Is it true that you once offered to return \$21,000 to Edward A. Cudahy if he would not prosecute you?" was asked.

"I believe Mr. Cudahy has made the statement that I did so. I do not think he would tell a lie for \$21,000," he replied.

### Stylish Appearance

Crowe's personal appearance is anything but that of a criminal. He was smoothly shaven, wore a stylish suit of clothes, with patent leather shoes and other articles to match. Except for his white hair, he does not look to be over 36 years of age, which he says is his correct age.

### Assessment Announced

The assessment was announced today. The total is \$48,121,050, an increase of \$5,119,410. The chief cause of the great increase has been the enforcing of the business and income tax under the new Ontario assessment act. The various increases are: On business and real property, \$2,053,310; business assessment, \$2,020,250; income, \$1,036,850. The population of the city is 65,108.

It is said the government is seriously contemplating assuming control of the

## Muloch to Quit Politics

### Reported Retirement of Post Master General Is Now Confirmed.

### Imperative Order of Sir William's Physician Must Be Obeyed.

### Minister's Deep Regret at Departure Before Completion of Life Work.

From Our Own Correspondent.

OTTAWA, Oct. 11.—Sir William Muloch acknowledged to your correspondent the truth of the rumors which have been current in Toronto and Ottawa for some days of his immediate intention to retire from the cabinet. Indeed, the formal announcement is in the hands of the minister and only requires to be submitted to His Excellency on his return from Winnipeg on Monday to become effective.

"I am retiring," Sir William remarked, "on the imperative orders of my physician. I have never fully recovered from an attack of neuritis which I had some months ago, and I am told I cannot recover my wonted good health unless I have a complete change of scene and occupation."

"I am to assume, then, that you are quitting politics for good?" the postmaster-general was asked.

"You are," Sir William replied. "It will be a great wrench for me to leave the halls of parliament, where I have spent so many years—happy years, I may say—but there is no help for it. It would be a burden for me to retire from the cabinet and remain in parliament as matters now are. Possibly my labors as an ordinary member of the house would be much lighter than as a minister, but the temptation to work would still be there, and I am therefore getting away from political life for all time."

### His Greatest Regret

Sir William had been pacing up and down the room in a nervous, restless way while he was talking, but when his visitor asked what is to become of the telephone question when he (Sir William) is out of the Commons, he stopped short and ejaculated: "Ah, that is one of the regrets which I have in leaving parliament. I am hopeful, however, that my successor will continue the work which we commenced last session, until we get some legislation on the statute books."

A. B. Aylesworth is to succeed Sir William, both as postmaster-general and member for North York.

The retiring postmaster-general may eventually become high commissioner, but it cannot be within two years, according to the principle laid down in the bill introduced in parliament in 1895 which provided that no member of parliament could be appointed to a public office within two years of his leaving parliament.

Mr. Aylesworth will be postmaster-general for a few months only, as it is said to be Sir Taschereau's intention to shortly retire from the position of chief justice of the supreme court of Canada, which position would be taken by Hon. Mr. Fitzpatrick, thus leaving the way for Mr. Aylesworth to become minister of justice.

Mr. Fitzpatrick, thus leaving the way for Mr. Aylesworth to become minister of justice.

## THE ROYAL WEDDING

Glücksburg, Prussia, Oct. 11.—Princess Victoria Adelheid, eldest daughter of Duke Frederick of Schleswig-Holstein-Nonderburg-Glücksburg, and niece of Empress Augusta, was married to Prince Charles Edward, Duke of Saxe-Coburg and Gotha, at noon today in the beautiful little castle here in the presence of about fifty members of the royal family of Germany, among them being the Emperor and Empress and all the imperial children except the Crown Prince Frederick William. He was the duke's intimate friend, and no one seems to know precisely why the Crown Prince was absent. The civil ceremony took place in the white hall of the castle. Then as many of the royal guests and their suites as could be given space went to the little chapel upstairs, where the religious rite was performed. A school and hospital holiday is being observed throughout this miniature state.

### Increased Gold Production

At the bankers' convention today Frank A. Vanderlip, vice-president of the National City bank of New York, delivered an address in which he said he believed the ease with which the financial world withstood the strain of a war which cost the combatant nations two billions of dollars was due to the greatly increased production of gold in recent years. To this increased production he also gave the credit for the recovery from industrial depression during the past three years.

At the same time he expressed the belief that in this very increase there was a possible future disturbance of values. Should the present rate of production continue he believed the volume of money in the world would be doubled in twenty years, with the result that prices of many commodities would be greatly increased, possibly doubled.

While the increase in the supply of money would tend to advance the price of real property, however, the price of an obligation repayable in money would not advance.

### Wage Earners at Disadvantage

Thus all persons having a fixed income, persons receiving a fixed salary, or wage earners generally would be at a disadvantage, for their incomes would not tend to increase as rapidly as the purchasing power of their incomes decreased. He believed, however, that the theory of the classical economists that with the doubling of the gold stock would come a doubling of prices, which would not hold entirely good, was a result, he thought, would be prevented by the exploitation of virgin fields of development, such as followed the discovery of quantities of gold in Mexico, Peru, California and Australia, and that the next few years would witness the expansion of the field of commercial enterprises into many new places. He declared the outlook at the present time to be very bright, but gave warning that almost assuredly there were dangers lurking in the situation.

### Assessment Announced

The assessment was announced today. The total is \$48,121,050, an increase of \$5,119,410. The chief cause of the great increase has been the enforcing of the business and income tax under the new Ontario assessment act. The various increases are: On business and real property, \$2,053,310; business assessment, \$2,020,250; income, \$1,036,850. The population of the city is 65,108.

It is said the government is seriously contemplating assuming control of the

port of Montreal, which will mean an additional debt of \$10,000,000 to the country. The idea is to make Montreal a free port.

The Geological Society of America is to meet here in December.

The barque Antiope, a Canadian vessel seized by the Japanese, has been treated by the Japanese procurator as a prize. The colonial office cables to this effect, and the owners were asked to file their claims before the trial comes on.

Prof. Sanders, of the experimental farm, leaves today for Japan.

Major Moodie has retired to Comptroller White the result of his work with the Arctic in Hudson Bay. Trips were made to Chesterfield inlet and Churchill. From Chesterfield an inland journey to Lake Baker, nearly 400 miles, was conducted. On July 8th the Arctic got out of the ice and started her summer cruise. Major Moodie supplied dogs to the Norwegian North Star Polar expedition. The police patrol will leave Winnipeg this winter for Fort Churchill overland, and from there go on the ice to Fullerton.

### OFFERS \$100,000 REWARD.

### New York Millionaire Determined to Find Authors of an Outrage.

New York, Oct. 11.—Isidore Wormser, the millionaire banker, offered \$100,000 reward today for the conviction of a gang of men who recently assaulted Annie Thornton, a domestic employed in his household.

### SPAIN AND GERMANY.

### King Alfonso Prepares for Visit to Emperor William.

Madrid, Oct. 11.—The palace authorities have been ordered to prepare for the departure of King Alfonso to Germany November 2. The King will remain in Berlin from November 6 to November 12, attending elaborate festivities, a military review and a luncheon given by the Emperor. The president's visit to Madrid attracts comment, as it is indicated that questions of state will be considered in Germany. However, the King's visit to Germany was arranged long ago, and is generally believed to be connected with the matrimonial projects of the Spanish royal family.

## Bankers Sound Note of Warning

### Former U. S. Assistant Treasurer Advises Caution in Spite of Prosperity.

### Convention of Financiers Agree That Legislation Is Necessary.

WASHINGTON, Oct. 11.—There prevailed in the important speeches before the American Bankers' association here today the sentiment that financial legislation is necessary. Thirty-three hundred bankers applauded Secretary Shaw to the echo when he concluded a lengthy address in which he outlined a description of the prosperity of the country contrasted with a monetary system which is inflexible and liable thereby to bring disaster at any crucial time.

Frank A. Vanderlip, of the National City bank of New York, former assistant secretary of the treasury, was the same prosperity and he also saw dangers ahead. Secretary Shaw suggested a remedy—a heavily taxed national bank note currency which would be drawn forth at times of unusual demand for money, and by reason of the tax be retired immediately upon issuance, and offered for sale at a discount.

Mr. Ridgely, controller of the currency, pointed out the necessity of changed methods in some respects in the government's supervision of national banks. President Swiney of the association reviewed its growth and development, but no speeches. The President shook the hand of every one of the visitors and extended his warmest greetings.

### SENT TO POORHOUSE.

### Former Wealthy New Yorker Becomes Financially Embarrassed.

New York, Oct. 11.—Jefferson P. Rapley, once a wealthy New York banker and business associate of Jay Gould, commodore Vanderbilt and John P. Blair, went to the poorhouse here yesterday.

Rapley was one of the best known men along Broadway in this city. His father, who was Judge Rapley of Yates county, New York, left him a large fortune. In 1856 he opened a banking house at 137 Broadway, which was capitalized at \$200,000 and did a yearly business of \$500,000, which was a large sum at that time. Since 1867, when this bank assigned after some unfortunate speculation, Mr. Rapley's fortune, although invested in a banking venture, steadily diminished. Three years ago he closed his last offices at 136 Flaherty street and began to live on remnants of his former wealth. He was unmarried.

### BEEF TRUST PROSECUTIONS.

### Chicago Judge Indicates Probable Commitment of Defendants.

Chicago, Oct. 11.—The hearing of arguments on the demurrers to the indictments returned by the federal grand jury against five beef packers, concerns and seventeen of their employees was closed today; and if Judge Humphrey, before whom the arguments have been made, retains his present impression of the case, one half of the indictments charging the packers with conspiracy in restraint of trade will be sustained and the remaining counts overruled. When it was announced that the case had been closed, Judge Humphrey said: "As it now looks to the court, the odd numbered counts are sufficient and the even numbered insufficient. There may be a change in my mind before I give my decision."

The odd numbered indictments charge conspiracy against the defendants in restraint of trade. The even numbered counts charge a monopoly. The first count in the indictment is now to be considered in the decision of Judge Humphrey. As to this count the packers are to plead not guilty and go to trial immediately.

## Dominion News Notes

### Lieut. Governor of Manitoba Will Probably Retire Next Week.

### Seized American Fishing Tug Confiscated by Order of the Court.

### Father of Canada's Poet Laureate Passes Away at Fredericton.

### TORONTO, Oct. 11.—Winnipeg despatches say it is learned on good authority that an announcement of Sir Daniel McMillan's retirement from the lieutenant-governorship of Manitoba will be made after the vice-regal visit has been concluded. Rumor has it that Greenway will succeed him, but there is the best of reason for stating that the ex-premier has no desire for the position and is pressing the claims of Kenneth McKenzie, wholesale grocer, for the position. Another announcement expected shortly is the elevation of H. M. Howell, K. C., to the Senate.

### McGill Professor Dead

Montreal, Oct. 11.—Dr. Frank Butler, the leading oculist of Canada, and professor of ophthalmology and analogy at McGill University medical school, died tonight.

Capt. Spain, wreck commissioner, this morning delivered a judgment in the case of the steamer Empire and tug Hosanna, the latter being sunk by the former in the river here on September 12th. The judgment holds the captain and crew of the Empire entirely to blame for the collision and cancels the certificate of Capt. Gillespie, the owner of the Empire.

### Fiendish Crime at Hamilton

Hamilton, Oct. 11.—The body of an unknown woman about 27 or 28 years of age was found in a clump of trees on the limestone ridge farm by James Marshall about two and a half miles over the mountain yesterday. Everything points to a case of attempted assault and murder.

### Rev. C. Roberts Dead

Fredericton, N. B., Oct. 11.—By the death of Rev. C. Roberts, of Fredericton, N. B., a respected citizen and the diocese of New Brunswick one of the oldest clergymen in its service. Canada also loses the head of one of its most famous literary families. Of the children, Charles G. D. Williams Theodore and Mrs. S. A. R. MacDonald all have become famous as writers of prose or poetry.

### Winnipeg Wirings

Winnipeg, Man., Oct. 11.—Enrollment in the city schools is over nine thousand and the school board has decided to erect two more schools.

The vice-regal party this morning visited the Canadian Pacific terminal, and was shown through the magnificent buildings in the course of construction and completed.

Angelique Lalibert died at St. Herbert, a parish near this city, last week, aged 106 years. She was a widow and had lived with her husband twenty years when death called him. She was blessed by 14 children and 210 grandchildren, having seen the sixth generation.

### SENT TO POORHOUSE.

### Former Wealthy New Yorker Becomes Financially Embarrassed.

New York, Oct. 11.—Jefferson P. Rapley, once a wealthy New York banker and business associate of Jay Gould, commodore Vanderbilt and John P. Blair, went to the poorhouse here yesterday.

Rapley was one of the best known men along Broadway in this city. His father, who was Judge Rapley of Yates county, New York, left him a large fortune. REGULATIONS OF \$250,000.

Peoria Man Did Thriving Business  
Padding Payrolls.

Peoria, Ill., Oct. 11.—N. C. Dougherty realized \$18,000 in three years by buying the name of A. H. Andrews & Company, of Chicago. This fact developed before the grand jury from the testimony of H. J. Merle, secretary of the company. The grand jury advised the state's attorney today that they would report at least twenty-four more cases against Dougherty, all of them of a serious character. The latest estimate placed on his peculations by means of padded payrolls place the amount at \$250,000.

HOW TO CURE CORNS AND BUNIONS.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

WILLIAM RANDOLPH ACCEPTS.

Well Known Publisher Will Try for the  
Mayoralty of New York.

New York, Oct. 11.—W. R. Hearst tonight made public a letter addressed to Judge Samuel Seabury of the Municipal Ownership League, accepting the league's recent tender of a nomination for mayor of New York.

The letter of Mr. Hearst was read at a meeting of the committee of seventeen tonight. Former Senator John Ford was agreed upon for comptroller and James G. Phelps Stokes for president, of the board of aldermen. The committee announced that Mr. Ford was agreed to accept and that Mr. Stokes was tentatively accepted.

The committee considered the matter of platform, one plank of which will declare for municipal ownership, pending which it favors short term leases with power of resumption by the city upon adequate compensation for the capital invested.

Murderous Negroes Slay White  
Men and Throw Bodies  
Overboard.

Wilmington, N. C., Oct. 11.—The schooner *Blanche* H. King, Capt. J. W. Taylor, bound from Brunswick, Ga., to Philadelphia, put into Southport today, bringing in three negroes, all of whom remained of the crew of the four-masted schooner *Harry A. Berwind*. Capt. Rumill and the mate, cook and engineer—the latter who did the hoisting work aboard the vessel—apparently had been killed in a mutiny and their bodies thrown overboard; and the body of a fourth man, a negro, was found lying on the deck, where he too had been killed.

The *Harry A. Berwind* was bound to Philadelphia from Mobile, which port she left September 23. She was sighted early today thirty miles off the Cape Fear bar by Captain Taylor, whose attention was attracted by the reckless manner in which the ill-fated vessel was being steered, threatening to run down his own vessel. Captain Taylor and crew boarded the vessel and

Placing the Negroes in Irons, brought the two vessels off the bar, when the other was towed in by Wilmington tugs. It has developed from the stories of the negroes brought in by the King that the trouble arose as the result of a quarrel aboard the ship about the food for breakfast.

The King was sighted by the *Berwind* about thirty miles east of Frying Pan Lightship, and in response to a signal Captain Taylor sent his mate, engineer and part of the crew on board.

The berth of the mate was spattered with blood, indicating that he was butchered in bed. After the boarding party from the King handcuffed the mutineers on the ship, one of the negroes complained that the iron was too tight and hurt him. The bracelet on the negro's arm was loosened, when the captive whipped out a pistol and shot one of his own crew. The total killed is four whites and one negro, the names of which cannot be learned tonight.

The King left a prize crew on board the *Berwind*, which is still off the bar. She will be brought in tomorrow.

## HIS EXCELLENCY AT WINNIPEG

Governor General and Party In-  
spect Grain Handling  
Facilities.

Winnipeg, Oct. 11.—Accompanied by Mr. Whyte, second vice-president of the C. P. R., and David Horn, chief grain inspector, Earl Grey, who had inspected the local terminals of the Canadian Pacific. The object of His Excellency in visiting the railway yards was to see the method of handling trains of grain, and more especially to learn in detail how wheat is loaded. In the vice-regal party were Earl Grey, Lady Evelyn Grey, Captain Newton, Major Halford and Col. Hanbury Williams. Mr. Whyte was also accompanied by Superintendent Marpole of the Pacific division and C. E. Graham, local superintendent of terminals.

Arriving at the yards the various buildings were visited and a run made over the various side tracks. Mr. Whyte's private car, the *Manitoba*, was used for the trip, a yard engine being attached. About two hours were spent in seeing the various sidings and the party returning to the station at 1 o'clock.

Wheat Grading Inspected. Samples of wheat were brought back to the city from the yards and were taken to the office of the grain inspector, where the work of grading was performed.

This afternoon Earl Grey formally opened the Carnegie library. The key with which the countess unlocked the door was presented to her in a beautiful onyx cabinet decorated and embellished with gold.

In the evening His Excellency attended a banquet at the Country Club house and formally opened that popular resort. Later the entire vice-regal party attended a dance. There were over 700 guests present.

## YELLOW FEVER REPORT.

Favorable Indications of Relief From  
Scourge at New Orleans.

New Orleans, Oct. 11.—The yellow fever report to 6 p. m. is as follows: New cases, 16, total, 3,246; deaths, 2, total, 417; new foci, 5; cases under treatment, 179; cases discharged, 2,650.

Today's report shows that the city is still lower but for the discovery of five cases of sickness in one house on St. Bernard avenue is the result of the death of the father of the family without medical attention. He is Leo S. Barrington and it was found that his wife and four children were all stricken and died. The incident occurred at the trans-Sylvania station, where he found the young woman stricken in an old cabin.

## STRIKES IN RUSSIA.

Trouble in Moscow, and St. Petersburg  
Workers Quit.

Moscow, Oct. 11.—The strike of the factory workers continues to spread. The workshops of the Brest railway are now isolated. The strikers have compelled numbers of the employees to leave work. Though in the city thousands of workmen are on strike and the movement is spreading, the city is remarkably quiet. The employers met today and determined not to enter into negotiations with the strikers, but they promised that if the men returned to work they would consider their demands and answer within a week. The police tonight dispersed a crowd on the Prechatsky boulevard, but otherwise the night passed quietly. The strike is affecting factories in the government of Moscow outside the city. The managers of the newspapers have decided to concede the demands of the compositors.

St. Petersburg, Oct. 11.—The workmen of several factories here are on strike, but the movement is not yet important.

## BACON SUCCEEDS LOOMIS.

Washington, Oct. 11.—Robert Bacon of New York took the oath of office today and qualified as assistant secretary of state, and Francis B. Loomis vacated that office.

## COAL CARRIER ASHORE.

Buffalo, N. Y., Oct. 11.—The steamer *Charles H. Buton* went ashore at Barcelona today. Barcelona is the port of entry to Westfield. The steamer carried a cargo of coal from Buffalo to Toledo. A crew of eight men were rescued by Westfield people, who went to their aid in small boats. Tugs will start hauling on her tomorrow.

## BRITISH SQUADRON'S VISIT.

Fleet Under Sir Gerard Noel Reaches  
Yokohama.

Yokohama, Oct. 11.—The British squadron of twelve vessels under the command of Vice Admiral Sir Gerard Noel arrived here today and was officially welcomed, amid scenes of general enthusiasm, by Vice Admiral Shimamura. The squadron entered in single column, the torpedo boat destroyers leading and took up an anchorage near the shore. Salutes were exchanged between the Japanese ship *Iwate* and the British flagship *Diadem*. Admiral Shimamura then went on board the *Iwate*. Admiral Noel and 100 officers and men then landed and paraded through a cheering multitude to a garden party given by the municipality, at which they were entertained by dancing and feats of juggling and wrestling. Day fireworks were displayed and the entire city was appropriately decorated.

A banquet tonight Major Ichihara proposed a toast to King Edward, Queen Alexandra and the British navy, and welcomed the visit of the squadron as strengthening the Anglo-Japanese alliance for the peaceful industrial development of the Far East and the civilization of the world.

## IN HONOR OF TRAFALGAR DAY

Navy League Asks the Public  
to Join in Commemoration  
of Victory.

The monthly meeting of the committee of the Victoria Esquimalt branch of the Navy League was held yesterday afternoon at the office of the secretary, Mr. Joseph Peirson. President Redfern occupied the chair, and among the others present were Bishop Perrin, Chas. Hayward, S. A. Roberts, Joseph Peirson, A. B. Fraser, Sr., Lieut. W. E. Laird and F. L. Neale sent notes of regret over unavoidable absence. The business list showed but a small number of items for discussion, the principal being the arrangements for the celebration of Trafalgar Day, October 21st. It was decided that the clergy of all denominations should be requested to make some fitting allusion with regard to Trafalgar Day in their respective churches on Sunday, 22nd inst. The banquet, which has been arranged to be held at the St. Francis hotel, is expected to be a special function commemorative of the deeds of heroism which are imperishably recorded in the memory, not only of the three great nations directly concerned, but in that of the whole world, as being the great event which has been termed the peace harbinger to Europe. An urgent and strong request has been made by the Navy League that all civic and business establishments will honor the day by the hoisting of flags if nothing else.

Y. M. C. A. Business Course.—In a recently issued circular the Y. M. C. A. is calling attention to its evening classes for mechanics. The course includes mechanical drawing, algebra, trigonometry, geometry and machine shop mathematics. The course is designed with the object of placing before mechanics problems that come up in their work and to furnish them with a working knowledge of mathematics which apply to these problems. The course cannot fail in giving a better understanding of their work and will prepare them for promotion when the time arrives.

## Get In On The Rise!

—BUY—  
CALGARY AND  
EDMONTON LAND CO'S SHARES

Dealt in on the London (Eng.) Stock Exchange, and bought and sold by us at a margin of 20 per cent., or for cash.

Last week we strongly recommended these at \$12.50 per share; the latest quotation is now \$14 per share, with a strong upward tendency and the inner circle of Winnipeg investors buying largely.

NO SHARES NOW OFFERING HAVE STRONGER, MORE SUBSTANTIAL REASONS FOR ADVANCING IN PRICE.

THE COMPANY is capitalized at 241,000 shares of £1 (\$5).

WHAT THE COMPANY HAS: \$1,500,000 coming in to its exchequer for land sold; 340,000 acres of land still to sell, including Edmonton town lots and mineral rights over 1,200,000 acres, containing Silver, Coal and Oil.

WHAT THE COMPANY'S DONE: Paid a dividend of 60 cents last May, another of 45 cents in August, and now announces a bonus of 60 cents.

WHAT IS SAID ABOUT THE COMPANY BY THE HIGHEST FINANCIAL AUTHORITY: The London (Eng.) Stock Market Report of August 25 says: "At the price this company is selling its land, THE LOW MARKET VALUE OF ITS SHARES IS AN ABSURDITY. The directors are a very responsible one, and EVEN AT £5 (\$25) THE SHARES WOULD BE CHEAP."

REMEMBER, we have strongly recommended nothing since we said buy Hudson Bays at \$125. (Today these stand at \$400.) This should give you confidence. Therefore, DON'T MISS CALGARY & EDMONTON LAND CO'S SHARES.

WRITE YOUR ORDER RIGHT NOW—TODAY.

Twenty per cent. margin on one hundred shares at \$14 would be \$280—or for cash, \$1,400.

PARKER & CO.

(Established 1889.)

## ARCHITECTS

PARR & PEE, Architects, corner of Hastings and Homer streets, Vancouver, B. C.

## VANCOUVER

BADMINTON HOTEL.—American plan, \$2.00 upwards. Free bus meets all trains and boats. No charge for baths. Phone in each room. Barber shop, etc. J. W. Wallis, Prop.

## SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to buy in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

## Local News

Coming "Outside."—Gold Commissioner Senkler left Dawson September 27th for the coast.

The True Blues.—The Loyal True Blue association will hold their twelfth anniversary social in the A. O. U. W. hall, Yates street, on Friday evening, October 13th. A first-class programme has been provided and there will be a good time for all.

A New Block.—Mr. Oscar Promis, who has been in Victoria for the past four months making arrangements for the construction of a brick block on Government street, left last night for his home in San Jose, Cal. He will return here about December 31st to superintend the completion of his building.

A Masquerade.—In answer to the petition sent to Mrs. Simpson to repeat the successful masquerade of last season, Mrs. Simpson will give one on November 3rd in the assembly rooms, invitations for which will be sent out shortly. These must be presented at the door and masks raised. This is going to be strictly enjoyable and no one will be admitted otherwise.

The Emperor's Birthday.—Preparations are being made by local Japanese for the celebration of the birthday of the Japanese Emperor on Friday, November 3rd. Just what arrangements will be made by the rank and file of the Japanese of Victoria to celebrate the birthday of Nippon's Emperor has not yet been decided.

Board of Trade.—The quarterly general meeting of the board of trade will be held at the board of trade building at 3 o'clock in the afternoon on Friday next, October 13th. The business to be dealt with will be the president's report of business dealt with by the council during the past three months. Several important matters will be opened for discussion. The election of new members will take place.

Smallpox at Bellingham.—Of a total enrollment of 3,531 pupils in the Bellingham schools, 1,064 were absent from school yesterday. A large percentage of this absence of pupils is attributed to the refusal of the parents to permit their children to be vaccinated. An order to that effect was based upon the prevalence of smallpox in the city, but as there were less than a score of cases, the public rebelled, deeming the order not justified by the circumstances.

Railway Changes.—Several changes will be made in the offices of the Northern Pacific railway, both here and in Vancouver, on the first of November. Mr. J. O. McMillin, general agent in Vancouver, goes to Seattle to take the position of city passenger and ticket agent in that city. Mr. C. E. Lang, the general agent here, will take the general agency in Vancouver, and Mr. E. E. Blackwood, formerly of this city, will fill Mr. Lang's position here. Mr. H. W. Lang, of the local office, will remain in the city.

About New Code.—A Dawson despatch says: Government surveyors are in the field and Yukon people are anxiously awaiting the decision as to the proposed amendments to Ottawa regulations to a new mining code, a water system for the Klondike camp and a lien law for the Yukon miner as outlined by the Yukon council, and it was expected the task would be undertaken before the close of navigation. Ardent supporters of the three big tasks are anxious to have the work done before the close of navigation; in other words, before the majority of the miners and owners of large properties left the camp for the winter. The season of navigation is rapidly drawing to a close and the miners are leaving for winter quarters, and not a word of thing has been done by the committees named.

Advertisers Coming.—It is expected that a large section of the advertising men who plan to convene at Seattle on the 23rd and 24th inst. will visit Victoria. Many prominent advertising men are attending the convention. Mr. C. E. Morrison, of Philadelphia, widely and favorably known as a writer on advertising and other business topics, will be the principal speaker of the convention. Mr. Morrison is in a position to know whereof he speaks with regard to advertising, having years of practical experience behind him to give weight to his opinions. His subject will be "The Underlying Principles of Advertising." H. G. Loughurst, of San Francisco, will speak on the subject, "Good Copy and How to Write It." Allen C. Hoffman, of New York City, who is identified with one of the best known sporting and recreation magazines in the country, will also speak, as will Rinaldo M. Hall, advertising manager of the O. R. & N. Co. of Portland.

John Grant's Protest.—The lists on which John Grant, of Dawson, is a member of the Tabs, and supporter of former Governor F. T. Conzdon in the late election, seeks to establish his status as a qualified voter in the last parliamentary election, so that he may proceed with his application to have the election of Dr. Alfred Thompson, as member of the Canadian parliament, declared null and void, were presented in court yesterday before Justice Craig, says a Dawson correspondent on September 28th. The court heard the testimony of Grant on the lists and took the decision of the status of Grant under advisement. If the court rules that Grant has established his status, the case will be proceeded with on its merits before two judges of the territorial court October 11th. If not, the case will end. The list containing the name of John Grant is his arrived from Ottawa a few days ago. The list had been sent to Ottawa from Dawson after the parliamentary election.

A number of nice furnished rooms to rent by the month at Hotel Davies. Moderate prices.

If you are leaving town by boat or train, ring up Phone 219 and have your baggage promptly delivered by Pacific Transfer Co.

W. G. T. U.—The W. G. T. U. will hold a parlor meeting at the home of Mrs. Teague, Fernwood road, this afternoon at 3 p. m. Interesting reports from the provincial convention will be presented and a profitable meeting is anticipated.

Sunday School Convention.—The International Provincial Sunday School Association will convene at Vancouver on the 19th and 20th instants. Delegates from several of the local churches will be in attendance.

Kuper Island Exhibit.—The management of the Kuper island industrial school deserve congratulations for the success of exhibits from that institution at the recent Dominion fair at N. W. Westminster. In all eighty pieces of embroidery were shown, and the first prize was captured in that class, as well as in general fancy work. This is especially creditable when it is remembered that there are no competitors from the island, and similar organizations throughout Canada.

Heinze Wants McKinley.—A despatch from Grand Forks, B. C., says that F. Augustus Heinze, the Montana millionaire, is negotiating for the McKinley mine in the Boundary country. The property is one of the best known of the Franklin camp, and is credited with having an immense body of ore. Heinze is now paying a visit to the property. He went to the mine on Monday, and will probably return to Rosland before the end of the week. Heinze was at one time a large shareholder in Rosland properties.

Annual Report.—The annual report of the Provincial Public Health Hospital has been issued in most attractive form. As a frontispiece is a beautiful view of the grounds surrounding the institution with the buildings in the background. It contains the report of the directors and statements by the treasurer, resident medical officer, matron and steward, besides a tabulated list of those treated during the past year at that institution. This will be circulated, copies being obtainable at the office of Secretary Elworthy, board of trade building.

"House-hunting" and "hunting for work" used to mean "walking around." Nowadays the want ads. reduce this "walking around" to the simple matter of "going somewhere."

## OBITUARY.

The funeral of Mrs. Dorothy L. Douglas, wife of John Douglas, of this city, took place yesterday forenoon. There was a very large attendance of friends and many floral offerings were made. The funeral left the residence on Fairfield at 9:30 for the Roman Catholic cathedral, where a solemn requiem high mass was celebrated. The following took part in the service: Celebrant, Rev. Father Letourneau; assistant priest, Rev. Father Nicholas; deacon, Rev. Father Castex; subdeacon, Rev. Father Fisser. At the grave the services were conducted by Rev. Fathers Nicholas, Castex and Fisser. The remains were placed in the Douglas vault at Ross Bay cemetery. The pallbearers were H. Dallas Holmeke, Rex Harris, A. E. McPhillips, E. E. Watson, Dr. O. M. Jones and C. A. Holland.

The remains of John Moorish, the victim of the explosion of the Lenora mine some months ago, arrived yesterday from Mount Sicker. Deceased died from his injuries, losing one eye and part of his face in the accident. He was 30 years of age and a native of Truro, Cornwall, Eng. For some years he was manager of the Portland Velvet mine at Rosland, and was well known throughout British Columbia. His remains were interred here on the B. & N. railway today by Mrs. Moorish, who is a resident of this city. The funeral is arranged to take place from the undertaking parlors of W. J. Hanna today at 3:30 o'clock.

Thos. Albert Pope, the well-known surveyor, died Tuesday at the Royal Jubilee hospital. Deceased was 48 years of age and a native of Prince Edward Island. He was a brother of Joseph Pope, C. M. C., under secretary of state, and leaves a widow and several children. The funeral will take place on Friday at 3:30 p. m. from the Hanna parlors, Yates street.

The funeral of the late Alex. Robinson took place yesterday afternoon from the Hanna parlors, Yates street. There was a large attendance and many beautiful floral emblems. The following acted as pallbearers: Messrs. Alex. Wilson, W. C. Wilson, A. B. Fraser Jr., A. Cameron, Geo. McCandless and Walter Walker.

## FISHERIES COMMISSION.

Preservation and Development of Joint Salmon Fisheries to Be Discussed.

Arrangements are being made for the commencement of the sessions of the fisheries commission, which will convene at Vancouver on Monday, October 16th, and will continue for two days. An international meeting will be held with the United States commissioners at Seattle. The conference will, it is expected, outline "the best measures necessary to be adopted for the preservation and development of the salmon fisheries in the Straits of Georgia and Juan de Fuca," says J. Charles McIntosh, secretary of the British Columbia commission, in a letter to Mr. Gorman. It is probable that the members of the commission will visit some of the canneries and fishing grounds before an adjournment. Such an excursion has been proposed as part of the entertainment to be accorded the visitors while in Washington territory.

The current issue of the Pacific Fisherman, commenting on the joint conference, says: "It is stated that the appointment of a board to have absolute control of all salmon fishery affairs on the British Columbia coast will be a change advocated by the salmon canners of the Fraser river. All the canneries favor this plan, as it would obviate the frequent and annoying delays in communicating with Ottawa regarding business matters connected with the fisheries, and with full authority in the hands of resident commissioners, these troubles would be overcome."

The names and addresses of the members of the British Columbia fisheries commission, 1905-1906, are as follows: Prof. Edward B. Prince, Ottawa, chairman; J. C. Brown, New Westminster; Campbell Sweeney, Vancouver; G. Taylor, Nanaimo; J. P. Babcock, Victoria; J. Chas. McIntosh, secretary, Victoria. The members of the Washington commission are J. A. Kerr, A. E. Ainsworth, T. R. Kershaw, E. B. Denning, T. J. Gorman, A. E. Woolard and Frank Wright.

Use Lever's Dry Soap (a powder) to wash woollens and flannels, you'll like it.

Use telephone to Vancouver.

## Improvement of Victoria Harbor

Thos. Sorby Presents an Estimate of Cost of Proposed Scheme.

Information Asked by Transportation Commission Now Supplied.

At the sitting of the royal commission on transportation which was recently in session in this city, Thomas C. Sorby was requested by Chairman R. Reford to prepare an estimate of the approximate cost of constructing a breakwater from Holland Point to Brothie Ledge, and also the cost of improving the inner harbor. In compliance with this request, Mr. Sorby has prepared a statement showing the cost of both undertakings.

In his report Mr. Sorby says: Taking it as conceded that a breakwater is required at the southeast of the outer dock for the protection of the shipping of this port, if the government proposes to construct this without reference to the inner harbor they will have to purchase the whole of the material, which will be about 550,000 cubic yards, and which will all have to be conveyed from a great distance, at a cost of about \$105,000, and the work would take about four years to complete. The breakwater would not only be a breakwater, but a heavy rolling mass, but also drift logs weighing a number of tons. If the work is carried on simultaneously with the work in the inner harbor to Laurel Point, all the materials which would be required, with the exception of cement, would be close at hand, and would cost no more than the expense of getting it out. The breakwater would then cost only \$500,000 and this cost would also include the clearing of the channel to Laurel Point. This plan would take about three years to complete.

## Improving the Inner Harbor

The improvement of that portion of the inner harbor between Laurel Point and the railway bridge would cost about \$227,500 and would affect a reclamation of between 10 and 12 acres of level land, which would be worth from \$20,000 to \$25,000 and would be of great value for transportation purposes, in addition to which deep-water wharves could be built on the property. The material from this part of the harbor could be used to construct a dock wall in front of the reclaimed land, while the remainder could be used to construct a second breakwater (if necessary) running southeast a distance of about 500 yards from Harrison Island to intercept the heavy rolling seas from the southwest. Thus every yard of material excavated could be used profitably in improving the facilities for transportation. The improvement of the part of the harbor above the railway bridge to Point Ellice would cost about \$105,000 and would effect a reclamation of some eight or ten acres of marshy land on the north side of the railway trestle that would be worth from \$50,000 to \$60,000 and form about 600 yards of deep-water wharves. The materials in the upper harbor are mostly soft and could be thrown by the hydraulic dredge as far as the southeastern end of the reclaimed valley. The dredge could handle the entire amount for 10 cents per yard. The schemes would be as follows:

Breakwater with purchased material .....	\$1,050,000
Improvement of harbor to Laurel Point .....	210,000
.....	\$1,260,000
Breakwater, using dredging from harbor .....	\$500,000
Improvement of harbor to Laurel Point .....	30,000
.....	\$530,000
From Laurel Point to railway bridge, including part of the cost of small breakwater at Harrison Island .....	\$227,500
From railway bridge to Point Ellice, including reclaimed land .....	1,105,000
.....	\$1,332,500
Less value reclaimed land .....	75,000
Making the total cost of one scheme to be .....	\$1,257,500
.....	\$1,257,500

Dr. Hall Improving.—Dr. Ernest Hall, who has been confined to St. Joseph's hospital for about two weeks, is making steady progress. His infected hand was opened again yesterday and his speedy recovery is expected.

Dance This Evening.—The first dance of the season under the auspices of the Royal Engineers' Quadrille club will be held this evening, commencing about 8:30 o'clock, at the barracks hall. Elaborate preparations have been made by the committee in charge and a pleasant time is guaranteed all attending.

Bride Was Left.—The last steamer sailed from Seattle for Nome on Tuesday and for two people the sailing meant sorrow and disappointment. These two unfortunate ones do not know, as yet, but sorrow is their share, but they will have, at least one of them will. To the other the news will come later, but it will surely come, and thereby hangs a tale. Up in Nome Harry Hansen, merchant and good fellow, is counting the hours which must elapse before the arrival of the Ohio places in his arms a bride in the person of Miss Rose Byers. The bride reached Seattle from Ohio just after the steamer sailed. What will be done then is problematical. Miss Byers cannot reach Nome this season, and Mr. Hansen cannot wait on one of the steamers, now at that port he cannot get back again for about eight months, and there the matter stands.

## Use Armour's Extract of Beef in the Right Way.

Those accustomed to ordinary beef extracts and fluid beef usually use three or four times too much of Armour's. If a recipe called for one spoonful of salt and you put in 4, the dish would be briny.

ARMOUR'S is pure Extract of Beef—highly concentrated. One-quarter teaspoonful is sufficient to make a cup of beef broth, bouillon, etc., etc.

By the addition of a small quantity of Armour's Extract of beef you can restore the juices to yesterday's roast or give a rich, beefy flavor and color to gravies, sauces and left-overs that will make them appetizing and attractive. Sold by all Druggists and Grocers.

**Armour Limited, Toronto, Ont.**

### Armour Tomato and Beef Catsup

An appetizing relish for steaks, chops, roasts, pork and beans, and fish of all kind. It is just a little bit better than others. Sold by all Grocers.

## Charity Concert

At the A. O. U. W.

Professor Wicken's Pupils Afford Large Audience Keen Enjoyment.

Proceeds Will Establish a Cottage at the Royal Jubilee Hospital.

Pressure of other matter yesterday prevented a full report of the admirable concert given by the pupils of Professor E. G. Wicken on Tuesday evening.

The object in view in giving the entertainment was as admirable and creditable to the professor as the performance itself, which in all its varied phases bore witness to his success and consummate skill as a master and instructor in musical science.

The scheme was to raise funds toward the founding of a cottage in the children's ward of the Royal Jubilee hospital, to bear the name of the kindly professor. A very large number of people rallied for the occasion and the A. O. U. W. hall was packed to the doors, the result being that the charitable object in view is practically assured.

The programme was elaborately and well chosen and opened with Anker's "Crown Diamonds" overture by the orchestra, which was rendered with remarkable precision and firmness. The violin solo by Miss Beryl Moss was also very well played and at the conclusion the little lady grasped the recipient of a beautiful floor basket containing a gold ornament. Mrs. Mesher's song was much admired, as also was the subsequent duet by Mrs. Mesher and Mr. Waddington. An orchestral symphony closed the first portion of the programme.

The second opened with the march from Tannhauser and was followed by Benedict's beautiful duet, "The Moon Hath Raised Her Lamp Above," by Mrs. Mesher and Mr. Waddington, which was deservedly applauded, and the "Longshoreman," by the same gentleman, which followed later, was equally well received and displayed much talent and ability.

### The Performers

The musicians comprising the orchestra follow:  
Violins—Mr. Wilson Ashe, Master Gustav Mittalstate, leaders; Miss Grace Macle, Miss Ruby Sylvester, Miss Ada Smith, Miss Justine Gilbert, Miss Beryl Moss, Miss Katie Roberts, Miss Violet Mesher, Miss Augusta Mittalstate, Master Edward Sears, Master Victor Levy, Master Horace Plimley, Master Ernest Offermann-Weller, Master Ernest Ruttan, Master John Fredette, A. Bentley.  
Flutes—Miss G. Collins, H. Searle.  
Clarinets—Master G. Mittalstate, Mr. Longfield.  
Cellists—Miss Nancy Harrison, Master Gordon Edwards.  
Trombone—N. Mark.  
Clarinet—Mr. Mariset, Mr. Peele.  
Cornets—Albert Ashe, Master Henry Mittalstate, W. V. North.  
Euphonium—J. Ball.  
Tuba—Basile, Pfendner, J. Hollins.  
Tympani, drums, bells, etc.—E. Anderson.  
Presiding at the piano: Miss Nancy Harrison, Master Thomas Mesher, Miss May Moss, Miss Ina Gordon, Miss Annie Mittalstate.

## Eczema Known By Intense Itching

IF NOT CURED IT SPREADS AND BECOMES CHRONIC—WHAT TO EXPECT FROM

## Dr. Chase's Ointment

The stages of eczema are marked by redness of the skin—heat and inflammation—swelling—watery discharge—formation of a crust or scale—and almost constant itching, varying from that which is simply annoying to that which is positively beyond human endurance.

The beginning is often neglected chafing and skin irritation, or a small pimple or sore which has been poisoned by the clothing.

Too frequent washing is to be avoided, but the afflicted parts should be thoroughly cleansed with Packer's Tar Soap and tepid water. After careful drying (not rubbing) with a soft towel, apply Dr. Chase's Ointment plentifully.

The ointment may seem a little severe at first, but this is necessary to a thorough cleansing of the sores, for relief from the dreadful itching will come after the first few applications, and thorough cure will be the reward of persistent treatment.

One thing you can be certain of, and that is that you are not experimenting when you use Dr. Chase's Ointment as a cure for eczema, salt rheum, psoriasis, tetter and similar skin diseases. It has acquired its world-wide reputation by the positive cure of these very diseases, and while using you can see that gradually and certainly it is allaying the inflammation and healing up the annoying and distressing sores.

Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

## Local News.

**The Opening Dance.**—The opening dance of the Royal Engineers' Quadrille club will take place tonight, the 12th inst.

**Hospital Meeting.**—The hospital directors will meet in the board of trade rooms on Tuesday next, the 17th inst., at 8 p.m.

**Fair Wage Commissioner.**—Mr. D. J. Donoghue, of Quebec, arrived in Victoria yesterday afternoon and is lodged at the Dominion hotel. Mr. Donoghue is what is known as the fair-wage commissioner of the Dominion government and is here on matters connected with his department.

**A. O. U. W. Meeting.**—At the general meeting of Lodge No. 1, A. O. U. W., held last evening, one candidate was initiated into the order and two other applications for membership were received. All reports from our lodges indicate a very prosperous condition generally.

**I. O. F. Dance.**—An invitation social and dance will be given by the members of lodge No. 1, I. O. F., tomorrow evening in the Oddfellows' hall, Douglas street. The social will commence at 8:30 o'clock, and as it is the first of the season a large attendance is expected.

**Pheasant in Town.**—Yesterday afternoon a large-sized cock pheasant hovered for a considerable time in connection with the street between Yates and Johnson streets.

It lodged on the telephone wires in front of the Savoy theatre and occupied the attention of many people for ten minutes. But no man came with a shotgun. It is an infraction of the law to shoot such a visitor when inside the city limits.

**Strange Performances.**—The following among other fearful and wonderful operations are alleged by a local journalist to have taken place in connection with the quarterly fort manning at Esquimalt last Saturday night: "The defenders prepared by charging their guns with the regulation shell and illuminating the course which a moving object would have to pass in order to reach the interior of Esquimalt harbor."

**Legal Intelligence.**—The case of the Alaska Packers' association vs. S. A. Spencer, a retrial of the action for damages amounting to about \$27,000, to cover the cost of repairs to the ship *Isis*, which was wrecked at Trial Island, when defendant's tug *Mystery* was endeavoring to tow the vessel from a dangerous position within a short distance from the rocks on December 26th, 1901, is expected to be completed this morning.

The case has been argued by Mr. Justice Martin and a special jury. Yesterday addresses of counsel were heard, and after the judge summed up the evidence the case was referred to the jury. Cases to be heard after this action is disposed of are *Crawford vs. Mackin*, *Mellor vs. Mellor* and *E. & N. railway vs. McGregor*.

**Youthful Burglars.**—On Sunday morning when the premises of Bannerman & Horne, feed merchants, of Johnson street, were broken into and the place had been entered on Sunday and the office was littered with wreckage of papers, packages of horse feed, etc.

The appearance of the destroyed contents seemed to indicate that some half-witted person had been tearing and breaking everything he could lay hands upon. Little of value was taken. It developed yesterday that the destruction was caused by three children of tender age, the eldest being 6 years of age. The youthful burglars had gained an entrance by crawling through a broken window at the back of the store. The matter of punishment has been taken in hand by the parents.

**The Promis Block.**—It is hardly apparent to the passer-by on Government street, extending through the city, that the place had been entered on Sunday and the office was littered with wreckage of papers, packages of horse feed, etc.

Registered at the Queen's Hotel are the following: F. W. Thompson, Kenora; J. W. McKenzie, Portland; Mrs. H. L. Smith, Miss K. Blair, Seattle; James Maxwell, Burygoose Bay; T. H. Blake, Vancouver; J. Sheppard, H. C. Boothby, D. M. Aulay, Dunbar; D. C. Good, Golden; Wm. Keir, Essington; C. Haley, Seattle; E. M. Craft, A. W. Manson, Port Townsend; T. F. Holliday, Toronto; Ernest Miller, Troy, Ont.; J. R. McLachlan, Minneapolis; Thomas Dixon, Winnipeg; C. Beech, J. Ferguson, Phoenix Creek, Alberta; Jay F. Wilson, Winnipeg; S. W. Carleton, Seattle.

Registered at the Vernon hotel are: W. E. Blythe and wife, Duncan; C. W. Armstrong and wife, H. A. Jones, F. Atkinson, Vancouver; Arch. Dyer, Oliver; T. Randle and wife, Nanaimo; Jas. C. Allan, Toronto; M. E. Roberts, E. M. Roberts, Kapuskasing; C. O. Olsen Hutchinson, T. Holliday and wife and three children, Toronto; Mr. and Mrs. J. A. Frewer, Ryegate, Calgary; G. H. Hadwen, Duncan; J. Gourlay, Galt; Rev. E. O. Leconte, Montreal; C. D. Planta, Vancouver; Mrs. and Miss Winstanley, Gait Island; Walter W. Baer, Nelson; Mrs. Thom, Mt. Sicker.

Registered at the Batmore hotel are: H. P. Williams, Freeman, Somerset; W. B. More, Glasgow; C. M. Gower, F. M. Lamb, Sonoma; Madame N. Lettland, Dawson; O. J. P. Lett, Vancouver; G. J. Lett, Vancouver; J. Pender, M. Smith, Llewellyn, Philadelphia, North Dakota; A. C. Ray, Vancouver; Walter Cox and wife, San Francisco; T. Nell Mackinnon, K. G. Hally, Salt Spring.

### THE STAGE.

Tomorrow night Harold Nelson, a well-known Canadian actor, will commence an engagement at the Victoria theatre in the play "The Prince Otto," a dramatization of the book by Robert Louis Stevenson, "Baldern." "Lyttton" "Richard" will be presented at the Saturday matinee and the Italian tragedy, "Francesca da Rimini," on Saturday evening. Regarding the performance of "The Prince Otto" at Winnipeg, where the present season opened on September 5th, the Winnipeg Telegram says:

"It cannot be gainsaid that 'Prince Otto' is staged far better than any of Mr. Nelson's previous plays. The scenery is, in fact, discarded, beautiful, and the acting is exceedingly attractive and handsome in a word, the setting is in consonance with the beauties of the play itself."

"In the title role Mr. Nelson gave a further demonstration of that ability which he possesses and which has placed him eminent—as the foremost of Canadian players. Prince Otto is a part which furnishes scope for Mr. Nelson's talents, and whether as the Prince Charming who 'lures, dresses prettily and acts plays,' or the awakened dreamer and man of action who deals swift death, regaining his honor and his wife's affections, but losing a crown, he was uniformly good and always acceptable."

Florence Roberts, under the direction of John Cort, will appear at the Victoria theatre on Monday in the title role in Paul Armstrong's new problem play, "Ann Lamont," than which no other character has given her such an opportunity to run the full gamut of human emotions. Miss Roberts has established an enviable reputation for herself, but the interpretation of "Ann Lamont" is said to be quite the most pretentious effort of her career. The role is replete with many subtle passages of pathos, as well as emotional scenes, well calculated to display Miss Roberts' versatility. The clever star is surrounded by an excellent company, which is headed by Max Fagan, the well-known comedian, and includes Lucius Henderson, H. S. Northrup, Robert McWade, Clifford Leigh, David R. Young, Wilbur Hudson, W. R. Spencer, William Thomas, Lucile York, Norah Manison, Florence Robinson, Mercetta Esmond and Lillian Arnsby.

Registered at the St. Francis hotel are: Mr. and Mrs. A. E. McMillan, Melville; Mr. and Mrs. Leonard, T. W. Roberts, Vancouver; J. F. Woods and wife and Miss Woods, Toronto; L. E. Brakespear, Cowichan; Wm. H. P. Seaway, A. Hinton Clarke, Vancouver; Thomas J. Cooke, London, Ont.

**For the table-cooking—WINDSOR TABLE SALT is without an equal. Always the same quality.**

## SPORTS

### FOOTBALL.

#### League Game Saturday

The first match in the Victoria district championship will be played on Saturday between the Garrison and the Victoria United. As is well known, these two teams are old rivals, and like dogs of war are only waiting to get at each other. The games which were played between these teams last season are said to be the best that have ever been played in this city, and these interested in the game are looking forward to a treat on Saturday. These teams have already met once this season, and although not a league match was very closely contested and resulted in a win for the locals. The Garrison are entering under this defeat, and are taking no chances of having the result repeated. So far as known, very few changes have been made in the Garrison team, although it is expected that Sgt. Paley, the big centre half, will not be in the game. Outside of this exception the team is practically the same as played last season. The Victoria, on the other hand, are encouraged by their win a few weeks ago, and will try hard to prove to the Garrison that they are just a little bit faster. Although the team to represent Victoria has not yet been chosen, it is very likely that there will be several changes from last year. Several new players have arrived in the city, and it is believed that the team will be a very close one.

#### First of the Season

Chester, Pa., Oct. 9.—John S. Summers, aged 21 years, a member of the Franklin football team of this place, died in the hospital here yesterday from injuries received during a game Saturday. Summers was rendered unconscious by a blow in the abdomen. He revived and resumed playing. Later he was accidentally kicked in the head and again became unconscious. He was resuscitated and watched the game from the side lines.

On the way home he fell to the ground and was removed to the hospital. His death was due to hemorrhage. Summers' wife was married three months ago.

#### J. B. A. A. Meet

A meeting of the management committee of the J. B. A. A. was held last evening, when A. J. Fox and M. H. Taylor, two new members, were elected. Other business of importance was discussed. The annual club dance during the first week of December. As usual, the boys intend making this the event of the season, and no effort will be overlooked to make it a huge success. The assembly rooms will be secured, and everything possible will be done to give those who attend an enjoyable evening. It was also decided that the winter tournaments should be commenced immediately.

#### Team for Saturday

The following team has been selected to represent the Victoria United in their match on Saturday with the Garrison: Goal, J. W. Lorimer; full backs, S. Lorimer, H. A. Gowan; half backs, J. Hart, N. Gowan, S. Thompson; forwards, J. Lawson, J. Lorimer, B. Schwengers, A. Newall, L. York; reserve, T. G. Wilson.

#### Rough Play Stopped

Newhaven, Conn., Oct. 11.—Walter Camp, Yale's general athletic adviser, today gave the development in regard to the conference of the representatives of

Yale, Harvard and Princeton with President Roosevelt Monday, which was held to consider reforms in the game of football. "At a meeting with the President of the United States, it was agreed that we consider an honorable obligation exists to carry out in letter and spirit the rules of the game of football relating to roughness, holding and foul play, and of the best coaches of our universities being present with us, pledged themselves to so regard it and to do their utmost to carry out that obligation."

### HOCKEY.

#### "Old Boys" vs. Victoria

The following will be among the representatives of the old high school team in a match with the Victoria seniors next Saturday afternoon at Oak Bay: Messrs. Gibson, Carne, Winsky, Cobbett, McNeil, McInnes, Wood, Brown, Rome and C. White.

### WRESTLING.

#### Beall Wins

Cleveland, O., Oct. 11.—In the wrestling contest here tonight between "Yankee" Rogers of Holly, N. Y., and Fred Beall of Marshallfield, W. Va., for a purse of \$200, Beall won in two straight falls of about ten minutes' duration each. Beall weighed 165 pounds and Rogers 205.

### BASEBALL.

#### Nationals 5, Americans 4

Chicago, Oct. 11.—The first game of the post-season series for the local championship between Chicago Major League teams went to the Nationals. Score—Nationals 5, Americans 4.

#### Rain Stops Game

Philadelphia, Pa., Oct. 11.—Rain today prevented the playing of the third game of the series of seven for the baseball championship of the world between Philadelphia American League and New York National League champions. The teams will play here tomorrow, and in New York Friday and Saturday. If rain should interfere tomorrow, Friday's game will be played here.

### LACROSSE.

#### Annual Announcement

Now that the lacrosse season of 1905 is over, all the old players who have been members of the New Westminster lacrosse team for many years past have positively announced their retirement from the game, with the exception of the old war-horse, Alex. Turnbull, who will probably appear in the lineup next year as usual.

The players who say they have played their last game are Wells Gray, W. S. Galbraith, Thomas Gifford, C. P. Peele, Harry Latham, William Gifford and Fred Lynch. This will only leave Sandy Gray, George Rennie, Alex. Turnbull, Pat Feehey, Thomas Rennie, Warren DeBeck and John Bryson of this year's players, but there are enough intermediates to pick from to make a good team for 1906.

Next year's team will probably be picked from the following list: Sandy Gray, Charles Galbraith, D. Digby, Bert Galbraith, George Rennie, Jas. Gifford, Alex. Turnbull, Pat Feehey, Ross, Rennie, L. Whitehead, Bert Henry, L. Turnbull, John Bryson and Warren DeBeck. It will be noted from the above that several younger brothers of the old players are coming forward to take their places.

### CHAMBERLAIN'S COUGH REMEDY AIDS NATURE.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, checks expectoration, opens the secretions, and aids nature in restoring the system to healthy condition. It is famous for its cures over a large part of the civilized world. Physicians have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by all druggists.

Ira M. Kallmeyer is now on his way west, making his usual semi-annual visit to the clothing merchants of British Columbia, in the interests of John W. Peck & Co. Limited, Montreal, a concern having the reputation of being the largest of its kind in the country. Mr. Kallmeyer, who has visited the Coast regularly for many years, has a host of friends who will be glad to receive him amongst them again.

### VICTORIA THEATRE

Monday, October 16  
Mr. J. W. Cort announces  
FLORENCE ROBERTS  
—IN—  
"ANN LAMONT"

A New Play by PAUL ARMSTRONG, author of "The Heir to the Throne."

Prices—\$1.50, \$1.00, 75c., 50c.; Gallery, 25c. Seats on sale Friday at Walt's Music Store.

N. B.—This will positively be Miss Roberts' only appearance here this season.

## A WEAK MAN

Is Made Weaker by Dosing With Drugs Which Never Reach Where the Weakness Is Located.

You can't make a man strong by poisoning him. Few have the opportunity I have of knowing how many men's lives are wrecked by dosing for Weakness, Nervousness, Back Ache, Dyspepsia, Constipation and other ailments largely due to errors of youth, later excesses, worry and overwork of mind and body. Most of those who apply to me have spent from \$50 to \$500 in drug treatments during periods ranging from a few months to a few years, with the result of wasted money and increased weakness. It is to such men I would say: Cease drugging, for the hope of relief from drugs is a vain one. Use Nature's remedy—Electricity. It cures.

I don't ask you to take my unsupported word as to this, or as to my method of cure being successful to me as a last resort and were cured.

I'm curing them every day. Here are a few men who recently answered "Cured":

John King, 22 Kane Street, Victoria, B. C., cured of "come and go" pains in the back.

Christopher Williams, Cranbrook, B. C., cured of losses and strength restored.

D. McAulay, Box 34, Whitehorse, Yukon, cured of soreness in the back.

Richard Brill, Revelstoke, B. C., cured of general weakness.

J. J. Marks, Hedley, B. C., completely cured of rheumatism.

Harry McKenzie, North Vancouver, B. C., extraordinary gain of flesh and tired feeling gone.

R. Lounsbury, Cranbrook, B. C., cured of rheumatism in one month.

R. N. Bailey, Enderby, B. C., built up after the fever.

Write today for my free Illustrated Book and Full Information.

Tell me where you are, and I'll give you the name of a man in your own town that I've cured. I've got cures in every town.

Dr. McLaughlin's Book is published for free distribution to those interested in the development of vigorous men and women. It is a finely illustrated, and describes my method of treatment and appliances. Sent sealed, free, on request. Send for it today. Cut out this coupon.

## It's the Kidneys

Close the sewers of a city and an epidemic rages. The kidneys are the sewers of the body. Let these vital organs become diseased and the whole system is affected, dizziness, headache, dull, listless feeling, shooting pains in the back, tell that the kidneys are in trouble, and a

neglect of nature's warning means uric acid poisoning and dreaded Bright's disease.

## GIN PILLS

make kidneys healthy. They instantly relieve all Kidney Troubles—clear, heal, purify, strengthen, put the kidneys in perfect condition to perform their work as nature intends.

We have such implicit confidence in the virtues of GIN PILLS that we have no hesitancy in refunding the money if they fail to cure.

—or direct from  
The BOTTLE DRUG CO., Winnipeg, Man.

## Omnigrams!

Many a Want Advertisement is, essentially, a telegram—turned to an Omnigram; a message of extreme importance to some one person, but which, in order to search out the person, has to be made a "message general," or an Omnigram, addressed to EVERYBODY.

The housewife knows that, somewhere in the city, there is to be found an available servant girl—and if she know her address she would send her a telegram. Not knowing it she sends her an Omnigram—puts her message in a want advertisement, to be read by all servants looking for places, thus reaching the right one, the "available" one, by also reaching a few "wrong ones."

The man who has a horse to sell—or a cow, a city lot, a bond, a piece of machinery, a bicycle, a step-ladder or a store, knows that, somewhere in the city or near it, lives THE ONE BEST BUYER—the man to whom he can sell to best advantage. Again, a telegram would be quicker—or a trip to see him—if he knew the address. But, as he does not, he must put his offer, his message into form of a want advertisement, and trust to the far-reaching effects of an OMNIGRAM.

YOU SHOULD BE ABLE TO FIND TWICE AS MANY USES FOR OMNIGRAMS AS FOR TELEGRAMS—AND IF

## Back From the Bulkley Valley

Provincial Mineralogist Returns From Trip to Northern Interior.

Country Not Yet Explored But Is Capable of Much Development.

W. Fleet-Robertson returned from the Bulkley valley on Monday night and was waited upon by a Colonist reporter yesterday, to whom he described the course of the expedition and the impressions arrived at as follows:

"We started from Victoria on the 12th of July and picked up our pack train at the 1500 Mile House on the Cariboo road and started out for Quesnel, proceeding thence through the Bulkley valley to Stony Creek over the Telegraph trail, which is in country so easy of travel that very little would render it possible for a wagon road. From there we cut through the Nechaco country, swimming the Nechaco river, which is about 600 feet wide at this point, and so on to Stewart's lake, Fraser lake, Cheslatta, Ootsa and Francis lakes, then over the summit into the Bulkley valley, following the trail down to Hazelton, making side trips to the Telkwa river and into the Bulkley range of mountains, and likewise a short and profitable trip on to Moricetown over the summit, on to the headwaters of the Copper river and thence back to Hazelton.

"Along the valley of the Bulkley there is a certain amount of good land which will eventually be cultivated and at present only lacks transportation. Land there, though limited in extent, is good for mixed farming. The old valley of the Nechaco is an old, wide lake bottom, through which the present stream cuts its way. The country is bench land, generally covered with a growth of poplar, in which are many open patches of considerable size, covered with a good growth of wild grass, whilst the mountain slopes are covered with a growth of spruce, fir and hemlock, and the soil is apparently rich, judging from the growth it sustains. Samples of the soil at various points were taken for analysis. In this vicinity a large number of men have taken up pre-emptions and placed scrip with the probable intention of becoming settlers, supposing they are in the route of the Grand Trunk Pacific. Around Stewart's lake there is a large quantity of bench land somewhat similar in description, but with more clay soil, which seems to the eye to be equally good if not better than the Nechaco, but which seems to have been overlooked by home-seekers, probably from the fact that the open patches here are not so large, which would necessitate more initial outlay of labor to bring it under cultivation.

"Stewart's lake, the Hudson Bay manager, Mr. Alurray, has for a long time maintained a garden in which he raises most of the small fruits and vegetables with success. Certainly this year his crop was highly satisfactory. The potatoes were good and he reports having had good results from strawberries, although they were over at that season. At Fraser lake the Hudson Bay manager, Mr. Peters, has done something in the way of farming and is growing barley, bearded and Russian, wheat, oats and timothy.

"Samples of wheat, representing the average yield and not picked samples, I sent down to Mr. Palmer for exhibition at the Westminster Fair. These samples speak for themselves and also for the long to be of the factor of this post.

"Cheslatta lake, the north of Fraser lake and to the north of Francis lake, are patches of considerable size of good land existing under similar conditions as that which Mr. Peters has cultivated. Between Fraser and Cheslatta lake there is little or no country of value. Along Cheslatta lake there are a few isolated pieces of bottom land which would make good farms, but there is here no large extent of country of value. Between

and flesh of their flesh? And who can depict the hopelessness and dejection that comes over the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organism. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 31 one-cent stamps to cover cost of mailing only, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 50 stamps. Address Dr. J. C. Pierce, Buffalo, N. Y.

Cheslatta and Ootsa lakes up the valley of the stream flowing into Cheslatta there is a considerable area of land affording excellent summer grazing. Whilst much hay is abundant in the valleys. On the south of Ootsa lake the hills rise rapidly from the lake and as far as the eye can reach are timbered with a small growth of coniferous trees and there did not appear to be any land very attractive from an agricultural standpoint. North of the lake on the Ootsa lake slope there is a certain amount of open grass land which in area is small compared with that found on the Francis lake slope south of that lake, in which latter part there are extensive open patches of many thousands of acres covered with a most luxurious growth of wild grasses. Situated on rolling hills at an elevation of a few hundred feet above the lake, the ground is in a condition to permit of an almost unlimited amount of hay being cut at one time. Much of the country has been taken up by scrip and by pre-emption, but it is believed there are still large areas unclaimed. Among the earlier pre-emptors of this district is Maitland, who has secured about a square mile of open land well watered, in which a large part of most of which has been made at once. This place is only mentioned as an example of a number of others because Mr. Maitland was not on the ground and his land could not be identified. As yet no attempt has been made to put the country under cultivation, but it has been put up so far as has been seen. The grass is wild barley grass, with prairie and fireweed, making excellent hay for summer feed. Whether this would serve for winter grazing I leave it for some rancher to say. The hunter part of the country will be about 3,000 feet above sea level. From Francis lake the trail over to the Bulkley passes through a considerable area of country in which soil for the most part appears to be excellent, but there are some patches of poor spruce, fir and hemlock, and the Bulkley valley was struck at what is known as Pleasant valley, a few miles above where the Morice river flows in.

This valley is approximately a thousand feet lower in elevation than the Francis lake country. Pleasant valley is a small lake, the valley of which is surrounded by the south by foothills and bench land. The valley is largely free of timber, but where not covered with poplar and some fir, and here was first met that luxuriant growth of prairie and wild grass, of which previous accounts have been told, and which is rank and luxuriant as to render exaggeration difficult. There is said to be some 7,000 acres of land taken up in this valley. These figures are unofficial.

"As yet in this section there has been little attempt at cultivation, the locations having only recently been made. The bulk of the country is occupied by the attention of locators. A few miles northwest of this is what is known as the old government ranch, now held by Charles and Barrett, where for four years large quantities of hay have been cut by moving machinery and hauled to the same place, of ground. The crop this year was good, indicating that the ground will sustain a continued crop for at least that length of time.

"Further up the valley on the Telegraph trail the McInnes Bros. and others have ranches reported to be equally good. From this point down to Moricetown the Bulkley valley in its wider sense consists of rolling hills sloping towards the river and bounded on the north by the Bulkley range of mountains. These rolling hills rise to 600 or 700 feet above the river and extend to a width averaging 20 miles. I stopped at a large portion of which is suitable for cultivation, and much of which is covered with a luxuriant growth of grasses and pea vines, as already mentioned.

"Throughout the districts mentioned there is certainly a large area of country suited to farming. Summer frosts are not so severe as in the Bulkley valley, and it is probable that winter feeding of stock will be necessary for a period, depending upon the winter. In other words, the country is a farming rather than a cattle raising district. At Round lake, a few miles above the mouth of the Telkwa and in the main valley Mr. Leach has one of the best of the set. One of the elements of the district and he has a small but excellent herd of dairy cattle in excellent condition. The dairy, under the management of his wife, turns out excellent butter sufficient to keep the pot boiling. The vegetable garden was soon filled with all the more usual vegetables, such as beets, carrots, turnips, cabbage, tomatoes, peas, beans, cucumbers and such like, all ripening and doing well. An attempt had been made at growing sweet corn, on which the ears did not seem liable to mature.

"This is simply an outline, of course, drawn from memory, entirely and necessarily subject to correction in minor details. As regards the mineral prospects of the country I am not prepared to say much at this stage, pending the completion of various analyses, but there are undoubtedly some very fine specimens of copper, and it is probable that it is present in some form in the country. With regard to the extent of these deposits, as the majority are locations of a bare season or so standing. In the Telkwa, I may mention, there are very good looking gold deposits, the beds being of very considerable thickness."

### THE DAILY TELEGRAPH.

In the evolution of London Journalism the Daily Telegraph has played a prominent part. It had its early vicissitudes, but from the time that it was taken over by Mr. J. M. Levy its progress has been sure and certain. It first appeared at its present price of 1d. on September 17, 1855, and to it belongs the distinction of being the first penny daily newspaper published in London. In celebrating its jubilee it does not omit to pay generous tribute to those who have helped to make it the power it is today. Mr. Thornton Hunt, Mr. Geoffrey Prosser, Mr. George Hooper, Mr. Hon. Frank Lawley, Mr. Edward Dicey, Mr. Herbert Shack, Mr. H. D. Traill, Sir W. H. Russell, Mr. Bennett Burleigh, Mr. Felix Whitworth, Mr. Beatty-Kington, Mr. Campbell Clarke, Dr. E. J. Dillon, Mr. E. L. Blanchard, Mr. W. Joseph Bennett, Mr. Clement Scott, Mr. W. L. Courtney, and, in particular, Sir Edwin Arnold and Mr. George Augustus Sala, all receive honorable mention. But the splendid business ac-

men displayed by Mr. J. M. Levy in laying the foundations of the paper, followed up as it has been by the masterly direction of Lord Burnham and Mr. J. M. Le Sage, must not be forgotten. The Daily Telegraph has been throughout one of the best managed and most enterprising of the world's newspapers, and always, without sacrificing its characteristics as a serious organ of public opinion and a bona fide newspaper, it has known how to keep well abreast of the times. When the nature of the competition it has had to meet is considered, it will be seen that to say this is to say but what is true. The Daily Telegraph has ever commanded, not only public favor, but the unserving loyalty of its staff. Perhaps no newspaper has ever been better served, or held in greater regard, by the working journalist.

### TALES OF BIG GAME.

Chicago News. "An exciting adventure with a tiger occurred at Sabi recently," says a South African paper. "The first was seen going from a banger and dragging a calf toward a dense bush, which lay close by. Mr. Banger could not leave the store until nearly sundown, and by that time the tiger had eaten nearly half the calf. On coming up to him Mr. Banger fired and managed to break the animal's left shoulder, but it was too late to follow. Next morning he set out with a couple of dogs and a few boys. As soon as the dogs belayed him the tiger commenced growling, but he could not be seen for the dense bush. All of a sudden he dashed out, passed the banger, and caught one of the boys, whose flesh was very badly torn and had to be sewed up by a doctor. Mr. Banger, being afraid of shooting the boy, ran up to the tiger and broke his neck with the gun. The animal measured from nose to tail seven feet six inches.

Here is an account from a South African newspaper of an adventure with a lion which had a fatal result. "M. Assenat, a hunter in the Goringoza district of the Portuguese territory, was attacked by a lion and badly mauled. He was taken to a hospital and died a few weeks later. A number of lions had been attracted by a herd of quagga he was driving, and during the preceding day he had bagged no fewer than five of them. About six in the morning he came unexpectedly upon a full-grown lion at the quarters. In spite of two bullets the hunter put into it he was attacked by the lion, and before it succumbed to its wounds inflicted terrible injuries upon him. He was found by his boys and taken to Bambo Creek, and the next day to Beira, where he for the first time succumbed to his wounds. The lion was in good condition at first, but eventually he succumbed to his wounds."

Because he could ride a bicycle faster than a tiger could follow, a priest in India recently escaped an unpleasant death. Rev. Father Froger was riding quietly along the road when he was overtaken by a tiger sitting on a rock on the bare hillside above him. Says a report: "As he watched, the fact that it was a tiger became apparent, and to Father Froger's horror, it suddenly bounded straight down the hillside and made for him. There was a slight incline in his favor in the road, and he cycled for his life until the upward grade became too steep and he had to get off. Apparently the beast did not pursue after he had lost sight of the cyclist, but the unprovoked attack is in itself an unusual occurrence."

A Ceylon newspaper prints the following regarding the head of a wild buffalo, which was shot in that island recently: "Both the horns were badly worn off. This was probably caused by the animal constantly rubbing its head against its huge horns at the least excitement or on seeing an enemy at a distance. It is said that the animal was on a savage and dangerous brute, and the mere appearance of the huge head clearly shows it to have been so. A bullet for a moment embedded an inch deep in the neck of the buffalo, close behind the left ear, it having been previously been shot at by some one, evidently at a very long distance."

### OF INTEREST TO TRAVELERS.

"I travel in the Southern States," says Mr. E. E. Cross, of Meigs, Va. "While driving I had a sudden attack of cholera morbus, with severe cramping pains in the stomach. A customer of mine at the first stop I stopped at recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy and two doses of it set me right. I now carry a bottle of this remedy in my bag constantly as I do many other things. I unhesitatingly recommend it." The constant change of drinking water and diet often causes disorders of the bowels. For this reason, travelers are bound on a journey without a bottle of this remedy. It is almost certain to be needed. Try it. For sale by all druggists.

### DEAD ANIMALS DANGEROUS.

Some farmers do not realize the danger they hazard by feeding hogs the carcasses of any animal that may die on the farm.

Hogs will eat most anything in the meat line. They are made carnivorous by improper rations. And because they seem to hunger for meat, the farmer just lets the hogs eat a dead cow or horse, or chicken, instead of going to the trouble of burying it. Stop and think a moment and you will see what a risk this is. A cow wastes away for months and finally dies. You may say she had poor teeth and starved to death, or you can't account for her illness. But she died and you sink her perhaps and let the hogs have the carcass. The chances are she died of tuberculosis. You feed the hogs if they have not already been infected.

A chicken dies of you know not what. Perhaps it was cholera, or maybe tuberculosis. Such food is not fit to feed to anything, no matter what the doctors may say about the ability of one kind of animal to give a disease to another kind.

Contagious abortion may be spread by feeding the dead calves and afterbirth to hogs.

The hog is very susceptible to disease—the modern hog, I mean—and we

### For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning. It is safer, too. Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-four years, and has cured thousands of homes in Canada and the United States to-day are never without it. A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other. L. E. Lyle, Nanawauy, Ont." If it were anything but the best would it be so? Try it in your own family. If it does not cure you, get back all your money. We take no chance. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell.

**SHILOH**

can not afford to give him but the best and cleanest foods.

One man may be careless about this matter and have a diseased herd of hogs. His hogs go to market with the car load of others. The buyer or slaughterer finds a great loss on the load from that town and keeps his eye open. Another bunch of diseased hogs comes from the same locality. Word is sent out not to buy hogs there at market price because of too much loss when they are slaughtered. If the condition continues to exist—as is the case with the hogs of this town—shipments are refused entirely from that locality. Simply because one man will persist in feeding dead animals or tuberculous milk to his hogs, a whole community of farmers are cut off from market when they are not furnishing diseased hogs.

The day may come when farmers will feed the hogs the best of stock and strict regulations regarding diseased animals. It is folly to fight it.

### CHAMBERLAIN'S COUGH REMEDY

This is a medicine of great worth and merit. Try it when you have a cough or cold and you are certain to be pleased with the quick relief which it affords. It is pleasant to take and can always be depended upon. For sale by all druggists.

### WHAT THEY SAID.

Charles Battell Loomis.

An ordinary man named Smith, living in an ordinary house in an ordinary town, gave ten dollars to a charitable cause, and his name was printed in the semi-annual report in due course. And there were some of them who said: "Friends and neighbors made on his action."

Said one: "Charity begins at home. His house needs a coat of paint."

Another said: "Wanted to get his name in the charity report."

One fellow said: "Why didn't he hire a brass band and advertise the fact? Idea of letting a picaune ten into the list of donations!"

Another said: "By George, if he thinks he can give ten, I'll give a hundred. Why, his gate is off its hinges!"

And there was one of them who said: "He makes me ashamed of myself. I guess I can squeeze out ten, too."

And one said: "Makes me mad to see a man like Smith give as much as that. Just as if he was trying to shame a fellow into being charitable. I won't give a cent."

And one said: "I wonder if it was tainted money."

And an artist said: "Well, I guess he could afford it. He gets a regular salary."

And another artist said: "Pretty generous for a business man."

And a literary man said: "I wonder what his motive was."

And a poor man said: "God bless men like him."

And another poor man said: "Where do I come in? I haven't a cent to give. But Smith himself said nothing."

The Northern Pacific Railway Company will sell cheap round-trip tickets to Los Angeles, Cal., on October 12th.

For further information apply to the office. Round trip to Portland Fair, \$9.65, good until end of October. Ticket office, corner Yates and Government streets.

Joaquin Miller's "The Building of the City Beautiful" will be brought out in book form by Albert Brandt, of Trenton, N. J. This "social vision" of the venerable Western poet has been appearing in the pages of the Arena Magazine.

D. W. Higgins' new book of local tales, "The Passing of a Race," now on sale. Victoria Book & Stationery Co., Limited.

Tenders for Debutures

Tenders, sealed and endorsed "Tenders for Debutures," will be received until Monday, the 30th day of October, 1905, at 1 p. m., for the purchase, in whole or in part, of ten years' term, Local Improvement Debutures of the Corporation of the City of Victoria, amounting in all, approximately, to the sum of \$1,747,000, and guaranteed by the Municipality as a whole.

The debutures bear interest at the rate of 4 per cent. per annum, payable half yearly, the principal and interest being payable at the office of the Bank of British North America, either in Victoria, B. C., Montreal, London, England, or New York, U. S. A.

The tenderer must state the price not in Victoria which he will pay, in addition to the net price the purchaser will have to pay to the Corporation the interest on the said debutures for the period between the dates of the debentures and the date of the receipt of the purchase money by the City Treasurer. The Corporation does not bind itself to accept any tender.

WELLINGTON J. DOWLER, C. M. C., City Clerk's Office, Victoria, B. C., October 7, 1905.

NOTICE is hereby given that we intend to apply to the Licensing Commission's next sitting for a transfer of the license to retail wines, spirituous and fermented liquors, by retail, on the premises at 85 Government Street, Victoria, B. C., and known as the "Horse Shoe Saloon," to Charles Haze, Satterthill, MILLINGTON, F. K. WOLFENDEN.

Witness: C. K. Courtney.

### M. LENZ'S RETURN.

Prospects in California as Compared With B. C. Favor the Latter.

Mr. Lenz of Victoria, who has been absent from the city for about six months, during which time he has been traveling in California, has just returned to the city and is staying with his brother-in-law, Mr. Simon Leiser.

Mr. Lenz' trip has been for health and pleasure, but with a view for possible business should inducement offer. "However, after careful observation of the conditions of business in various parts of California," said Mr. Lenz, "I have come to the conclusion that the prospects are distinctly better up north than in the south, especially so as regards this province. Los Angeles, for instance, though a great pleasure resort, has, like other similar seaside places here, an enervating climate. Moreover, none of these places have anything to compare with the natural beauties of Victoria. They have simply a succession of sea beaches and nothing more—inland and seaward alike is a blank—on the one no hills, no trees, no scenery, in the other no variety, and no interest beyond the sea.

"When I compare the relative advantages of the two places and observe the crowds that flock to California watering places for want of knowledge of any more attractive, I am amazed at the small proportion of tourists that filters through to Victoria.

"As regards the urban attractions and conveniences of these towns, I can only say that although the hotel accommodation is very good throughout California, wherever one goes, convenient, well and courteously conducted, on the other hand the streets and general up-keep of the cities seems to be neglected. The streets and roads, for instance, are worse than there is in and about Victoria, whilst these resorts, without exception, are infested with tramps and vagrants and a much larger proportion of the dangerous element than here.

"Altogether I am well satisfied to be back in British Columbia, and from all I can see and hear I am possessed of the conviction that right here is the Eldorado of the future."

Amherst shoes are solid leather.

### TERJE VIKEN EXPECTED.

The steamer Tellus, which reached port yesterday morning en route to a coal port to resume service in the coal trade between British Columbia and San Francisco for the Western Fuel Company, reported that the steamer Terje Viken, chartered to replace the lost steamer Tricolor, was following the Tellus from the Orient and is expected to reach port within the next few days. The Terje Viken is a new vessel of 2,904 tons and is one of the largest Norwegian tramp steamers afloat. The steamer is commanded by Capt. Gulkison.

The steamer Pinnia arrived yesterday from San Francisco for Comox. The steamer Wellington is expected to leave Skagway today on the first of two trips to Skagway with coal for the White Pass & Yukon railway. The steamer Cottage City of the P. C. S. S. Co. arrived from the Sound at 4 o'clock this morning and sailed about 6 a. m. for Skagway. This is the first trip of the P. C. S. S. Company's Alaskan liner since her recent accident, when the steamer lost her tail shaft in northern British Columbia waters and was towed south in distress.

### IN ALL WALKS OF LIFE

Herpicide Is Used to Cure Dandruff.

E. H. Lyon, New York, N. Y., says: "I am very fond of Herpicide and enjoy using it. It is refreshing."

Dr. J. H. Bush, Toledo, Ohio, writes: "Sewer's Herpicide has given better satisfaction than anything I have ever used."

Mrs. Borkey, of Chadron, Neb., says of Herpicide: "It cleaned my head of dandruff and stopped my hair from falling out. It is the best remedy for dandruff I ever used, and I have used a great many."

R. S. Coleman, Ann Arbor, Mich., says: "I have used two bottles of Herpicide and derived benefit therefrom."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. C. H. Bowes & Co., 98 Government street, Special Agents.

For handsome effects in toilet articles and reasonable prices take a rubber in the British Columbia drug store, 27 Johnson street. Buy up your little treasure now and save 25 to 50 per cent. on all toilet articles.

## School Trustees Appoint Teacher

Vacancy at South Park Filled at the Regular Meeting Last Evening.

Success of the Manual Training Exhibit at Fair Heartily Praised.

At the regular meeting of the board of school trustees last evening the question of filling the vacancy on the South Park school staff was settled by appointing Miss Ida Tuck at a salary of \$540 per annum.

The meeting was called to order by Chairman Boggs, with the following trustees present: Mrs. Jenkins, Messrs. Jay, Huggett and Mowat. Chairman Boggs informed the meeting that 36 candidates who have passed the examination required at the swimming baths had presented themselves at the High School on Monday last for an examination on resuscitation by Dr. Stanier. The results of Dr. Stanier's examination have not yet been made known.

A communication was received from Principal Paul of the Victoria College, extending an invitation to the board to be present at the commencement exercises of the college to be held on Monday, the 16th. The invitation was received and the board will have a representative present.

A statement from the board of education stating that the per capita grant for the current year would be \$8,011.45 was received and filed.

Master Gunner Mulcahy wrote acknowledging notification of his appointment as drill instructor. Mr. Binns informed the board that he intended to resume his night school in the course of a few days, and thanked the board for the use of the rooms.

A communication from Miss Wriglesworth of the South Park school staff, enclosing her resignation, was received and the resignation accepted. In this connection Chairman Boggs stated that he thought that something should be done to put a stop to the practice of teachers resigning during the term. If the board has no power to regulate this matter at present, the teaching staff should be made to sign a contract for a specified term when they are engaged. This would not allow them to leave during the term.

The report of the finance committee, enclosing accounts to the amount of \$383, was received and the accounts ordered paid.

### The Drawing Books

Chairman Boggs informed the meeting that the special committee to inspect the drawing books had not been called together owing to the absence of Mr. Binns from the city; but that the committee would meet in the course of a few days, to proceed with the work.

The buildings and grounds committee reported that the roof of the Girls' Central and the manual training school were in need of repairs, and submitted a tender from Mr. Richards offering to do the work for \$1650. Referred to the buildings and grounds committee with power to act.

Superintendent Eaton brought up the question of supplies for the next school year, pointing out that it has been the habit of the preceding boards to call for tenders about this time of the year for the supply of staple requisites for the schools. This was referred to the finance committee with power to call for tenders. The same committee were requested to furnish an estimate on the probable cost of furnishing the science and commercial departments at the High School.

Superintendent Eaton stated that he had been approached with a view to having the exhibit from the schools which were at the Dominion fair put on exhibition in this city, in order that the citizens of Victoria might be able to see how much good their expenditure is doing. He also suggested that a small admission fee to view the exhibit should be charged, which would form the nucleus of a fund for a school library.

Several of the trustees spoke in favor of the idea, and it was finally decided that the work of arranging the exhibit, providing that it has not been too badly damaged at the fair, should be left in the hands of the secretary. The trustees also took the opportunity of congratulating those who had charge of the work of arranging the exhibit at New Westminster. Trustee Huggett, in speaking to this question, said that those who were in charge of the work deserved a great deal of praise, not only from the board, but from the citizens generally, for the able manner in which they had carried out their task. It was not only those who arranged the exhibit at the fair, but also those who had taken an active part in the work of getting the exhibit together, and he thought that everyone who had in any way been connected with the exhibit should be publicly congratulated on the brilliant success achieved.

Trustee Mrs. Jenkins thought that the citizens of Victoria should be proud of the exhibit which had been installed at the fair, and she was in sympathy with Trustee Huggett's idea.

Superintendent Eaton stated that he would like to emphasize the good work of the teachers. They had been very active in the matter, and no effort had been spared by any of the staff to make the exhibit a success.

A motion on these lines proposed by Trustee Huggett and seconded by Trustee Mrs. Jenkins was carried.

### Trafalgar Day

Trustee Mrs. Jenkins referred to the question of Trafalgar Day. She was of the opinion that something should be done at the schools to commemorate the victory of the great Nelson. The event was a very important epoch in British history, and she would like to see some exercises at the schools which would attract the attention of the scholars to the event. It was suggested that the superintendent should communicate with the principals with this object in view; but the suggestion was shelved for another that the teachers should attend to it themselves.

The meeting then went into committee to fill the vacancy at the South Park school. Out of seven applications, that of Miss Tuck was decided on by the first ballot. Miss Tuck is a graduate of the Victoria High school, and has both Eastern and Normal school certificates. She has already been engaged in the city schools as a substitute and has given good satisfaction.

One or two remaining items of business were discussed in secret meeting, the press representatives in the meantime having been requested to retire.

### FRESH FROM

A DISTINGUISHED VISITOR.

Grandson of Sir Robert Peel Pays Victoria a Flying Visit.

Amongst the distinguished visitors to Victoria at present is the Hon. William Robert Wellesley Peel, B. A., eldest son of Viscount Peel, late speaker of the House of Commons, and grandson of the statesman of illustrious memory. Mr. Peel is member of the English house of commons for South Manchester, and in common with other members of his family saw service in South Africa during the Boer war, he having served as major of the Bedfordshire Imperial Yeomanry. Mr. Peel and his family, in fact, are closely associated with the fortunes of South Africa, one of his sisters being the wife of Mr. Rochford Maguire, whose name is prominent in the history of the Chartered Company, and another the wife of Mr. Karl Goldman, a South African millionaire, whose name looms large in Johannesburg mining matters.

Mr. Peel has been traveling through the Dominion making a careful and thorough personal inspection of Canada and its resources. He looks out upon things Canadian from the imperial point of view of a Liberal Unionist and the questions prominently before his mind are two: Firstly, Canada as an imperial granary in the event of war, and secondly, Canada as a location for a portion of the congested population of the British Isles. In the course of an interview with a Colonist reporter he stated that there was at present any defined immigration scheme before the legislature, but admitted that special attention was being devoted to the subject and that he himself was anxious to discover some means whereby the emigrant from the old country might be presented to Canada under a more engaging aspect and subject to initial experiences less rigorous to themselves, and on these subjects he is very much in earnest and has carefully gathered the fullest details of the conditions of Canadian life, together with exact information from the best official sources as a guide in his parliamentary labors. With the immense present resources and future possibilities of Manitoba and the Northwest which conclusively satisfied him regarding his first problem, but the second still exercises his mind and is less easy of solution.

Mr. Peel left by the Vancouver boat for the mainland yesterday morning on his return journey.

### AT ANY STAGE.

At any stage of consumption or wasting disease the most satisfactory remedy is Angier's Emulsion. It fortifies nutrition, hinders the progress of the disease, lessens the symptoms, relieves the cough and fever, and diminishes night sweats and exhaustion. It pacifies the irritable stomach always.

The Northern Pacific Railway Company will sell cheap round-trip tickets to Los Angeles, Cal., on October 20 and 21. For further information apply to the office. Round trip to Portland Fair, \$9.65, good until end of October. Ticket office, corner Yates and Government streets.

Use telephone to Seattle.

STORAGE

All classes of goods stored at reasonable rates by week, month or year :: :: ::

VICTORIA GARAGE,  
126 Yates St.

Just one turn is necessary to operate the Kootenay grates, and they are made in such a way that live coals are never dumped into the ashpan.

This makes the Kootenay Range much easier to operate and more economical on fuel than the ordinary cheap range fitted with common grates.

The Kootenay is equipped with many other exclusive and special features, which should be examined before buying any other range.

Sold by all enterprising dealers. Write for booklet.
